

Viewing Power Point Slides with Audio using an iPad

Step 1, go to the App Store and search for **google drive for iPad** and install.

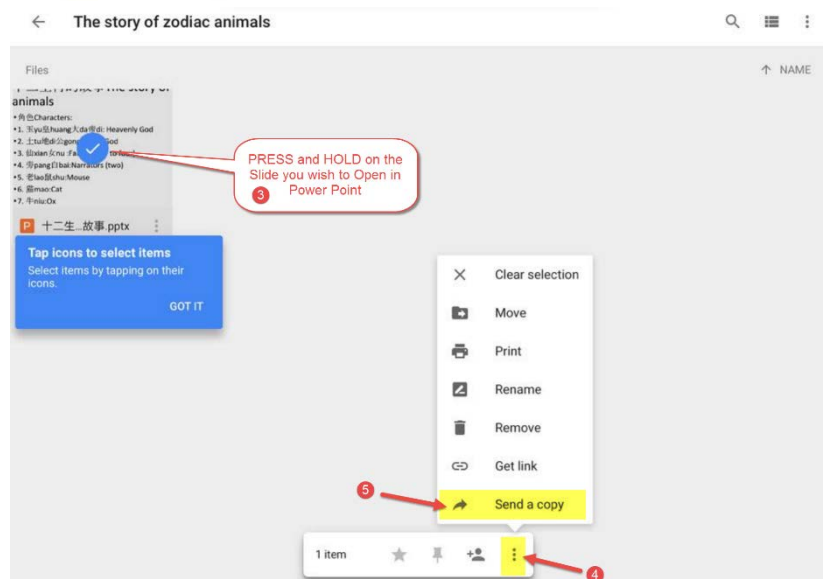

Step 2 go to the App Store and search for **PowerPoint for iPad** and install.

Step 3 open google docs and navigate to the slide deck. **Press** the file you want and **HOLD**. This will open a menu bar on the bottom. If you just tap without holding, it will open as a Google slide instead.

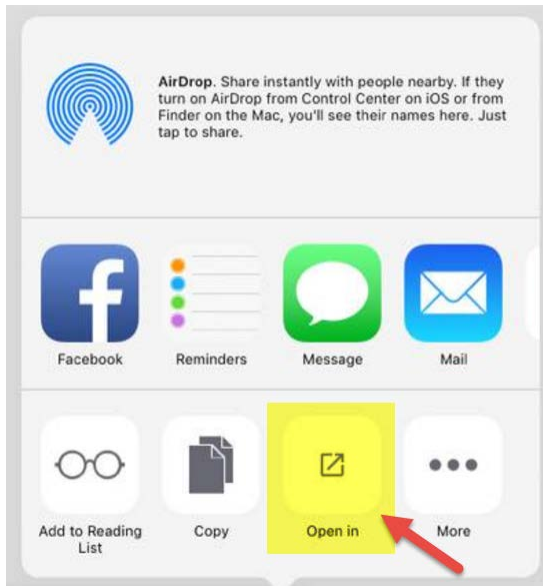

Step 4 Release and tap on the **three dots** on the right side.

Step 5 Tap **Send a copy**
